

PICO
pocket projector

Optoma

PK102

A 60" IMAGE THAT FITS IN YOUR POCKET

Imagine being able to show photos, movies or PowerPoint® presentations at up to sixty inches in size, straight from your pocket and ready in seconds.

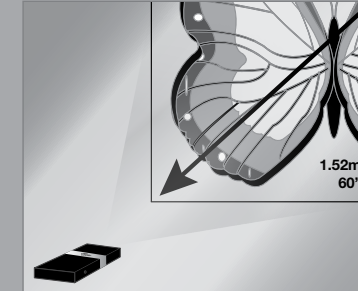

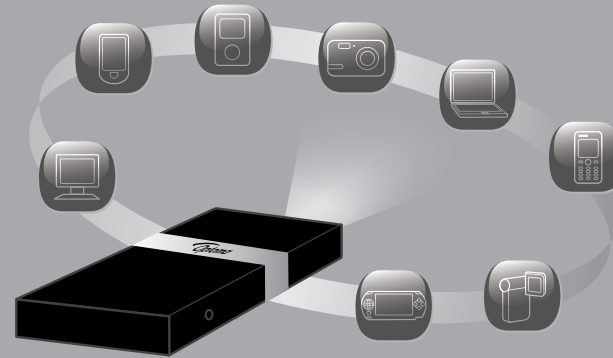

Transfer photos, movies or PowerPoint® presentations from your PC to the Optoma Pico using the simple supplied PC software or connect the Pico to your Laptop, Netbook, iPod®, iPhone®, mobile phone, digital camera or mobile gaming device.

Ever wanted to show photos, movies, video or PowerPoint® presentations on the move? Well, now it's possible with this revolutionary new projector you can hold in your hand. No need to worry about connecting to the mains power either; the Optoma Pico uses a rechargeable battery, like a mobile phone, that will give you up to 1.5 hours of projection time from a single charge.

PK102 SPECIFICATIONS

4GB Memory	jpg, tiff, gif, png, bmp, tga, fpx, pcx, pcd, psd	0.15 – 1.5m (6 – 60")	Up to 1.5 hours
